

Mini ride-on scrubber dryer doubles cleaning output at price of walk-behind model

It is easy to maneuver even in narrow spaces thanks to its compact dimensions. Thanks to its silent mode function for ultra-low sound level, you can use the machine for daytime cleaning, even in sound sensitive areas. Downtime is also minimized through the 2-key system: 1 grey key for the operator with basic setting and 1 yellow key for superuser with full options setting to prevent any mistakes by the operator.

Productive: 53 cm scrubbing width, high speed (6 km/h), 70/70 L Compact and comfortable: very compact dimensions for narrow areas, comfortable seat and wide space for operator's legs. Consistent cleaning quality:

Solution flow of detergent/water automatically controlled by speed. Ideal for daytime cleaning: Low noise Vac motor system with silent mode setting working at just 62 ±3 dBA. Easy to control: Dashboard with One-Touch button; intuitive display integrated in the steering wheel. New water filling system automatically shutoff water when the tank is full. USB port as option. Easy handling: Automatic brush click on/off and plastic light squeegee with patent elastic strap system. Sustainable: Ecoflex system with flexible detergent setting and water-only cleaning. Self-adjusting brush speed according to floor type and application to save energy consumptions. Settings effectively controlled: Separate user and superuser keys.

The Nilfisk SC2000 mini ride-on scrubber dryer eases the working effort significantly compared a walk-behind machine. An attractive choice for cleaning of offices, supermarkets, sports centers, shops, restaurants, hotels, and institutions like hospitals and schools. Taking working speed up to 6 km/h – from an average 4 km/h with a walk-behind scrubber dryer – the SC2000 has a great impact on both productivity and cleaning costs.
